Wie in vielen Bereichen der Automobiltechnik ist Bosch auch bei der Scheibenreinigung Vorreiter des Fortschritts: Zum Beispiel mit dem ersten elektrischen Scheibenwischer, dem Spoilerwischer, der Scheibenwaschanlage oder dem Einsatz von synthetischem Wischgummi. Bosch leistet mit den Fahrzeugherstellern technologische Entwicklungsarbeit und zeigt mit dem Aerotwin klare Perspektiven für die Zukunft.

Windshield and rear window cleaning is one of the many automotive engineering sectors in which Bosch plays a pioneering role: Examples include the first electric windshield wiper, spoiler-type wipers, windshield and rear window washer systems and the use of a synthetic wiper blade element. Bosch joins forces with vehicle manufacturers to develop advanced technology for innovative products such as the Aerotwin.

Som inom många områden inom fordonstekniken leder Bosch utvecklingen även vad gäller rengöring av fordonsrutor: till exempel med den första elektriska vindrutetorkaren, torkarblad med spoiler, vindrutespolare och användningen av syntetiskt torkargummi. Bosch realiserar tillsammans med fordons-tillverkarna teknologiskt utvecklingsarbete och visar med Aerotwin klara perspektiv för framtiden.

Kuten monilla muilla autotekniikan alueilla Bosch on edelläkävijä myös lasinpyyhkimien ja pesulaitteiden kehittäjänä. Esimerkkejä ovat ensimmäinen sähkötoiminen lasinpyyhin, spoilerisulka, lasinpesulaite sekä synteettisen kumin soveltaminen sulkakumissa. Bosch panostaa yhdessä autotehtaiden kanssa teknologiseen kehittelytyöhön ja varmistaa Aerotwin-sarjalla selkeät näkymät tulevaisuudessakin.

Come in molti ambiti della tecnica automobilistica, Bosch riveste il ruolo di precursore anche per quanto riguarda la tergiture dei cristalli: esempi sono il primo tergicristallo elettrico, il tergicristallo con spoiler, l'impianto lavavetri o l'impiego di gomma tergente sintetica. In collaborazione con i costruttori automobilistici, Bosch svolge un importante lavoro di sviluppo tecnologico e con i tergicristalli Aerotwin fa intravedere le prospettive per il futuro.

**Notes for users**

This catalog contains the data from the vehicles, engines, and equipment for the European market from year of manufacture 1994 up to and including the year 2014. This data has been assembled from information provided by manufacturers and importers, and taken from Bosch documentation, as well as from investigations made on vehicles. It has been compiled to the best of our knowledge and belief, and reflects the status at the date of going to print.

It is impossible to avoid deviations caused by technical changes resulting from the conditions and regulations applying in a particular country. Bosch can therefore accept no liability for the completeness and faultlessness of the data. In case of mistakes and misprints which result in damage to property or assets, Bosch is only liable for immediate damages insofar as a gross breach of duty or wrongful intent apply. If personal injury is involved, Bosch is liable also in case of ordinary negligence.

**Användarvägledning**

I denna katalog finns data angivna för fordon, motorer och apparater för den europeiska marknaden från årsmodell 1994 till och med 2014. Uppgifterna kommer från tillverkarna och importörerna, från fordonsundersökningar och från underlag från Bosch och är omsorgsfullt sammanställda enligt tillgänglig kunskap och anger läget vid tryckningstidpunkten.

I vissa länder kan specifika avvikelser förekomma p. g. a. tekniska ändringar varför Bosch ej kan hållas ansvarig för ej komplett information. Vid fel som leder till direkt skada på egendom eller fordon, kan Bosch hållas ansvarig endast om grov oaktsamhet kan påvisas. Vid personskador kan Bosch hållas ansvarig om vårdslöshet kan påvisas..

**Ohjeita käyttäjälle**

Oheiseen esitteeseen on koostettu ajoneuvo-, moottori- ja laitekohtaisia tietoja, jotka kattavat Euroopan maissa markkinoitua mallit v. 1994 lähtien – v. 2014 mukaan lukien. Tiedot on kerätty valikoiden valmistajien ja maahantuojien laatimista tiedoista, katsastusdokumenteista sekä Boschdokumenteista, ja ne vastaavat painoajankohdan tietoja.

Eriäviä tietoja, jotka johtuvat maakohtaisista teknisistä muutoksista, ei voida em. syistä sulkea kokonaan pois. Bosch ei niin ollen voi taata tietojen täydellistä kattavuutta ja virheettömyyttä. Erehdyksistä ja painovirheistä, jotka johtavat omaisuuden vaurioitumiseen, Bosch vastaa vain, jos kyseessä on törkeä velvollisuuden laiminlyönti ja välillisistä vaurioista tahallisen toiminnan seurauksena. Henkilövahingoista Bosch vastaa myös vähäisen laiminlyönnin seurauksena.

**Avvertenze per la consultazione**

Eventuali discordanze dovute a specifiche esigenze del Paese e variazioni tecniche non possono essere previste. Per questo Bosch non si assume alcuna responsabilità per mancanze ed eventuali errori riferite ai dati. Per danni a cose o danni patrimoniali, dovuti ad errori o refusi di stampa, Bosch è responsabile solo in caso di dolo o colpa grave. Per danni alla persona, Bosch è responsabile anche in caso di colpa meno grave.
